

## Analytics: BTF Altered Calling Criteria

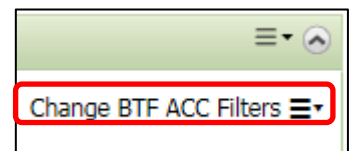

- Click on **Analytics** tab in Powerchart Organiser toolbar.

- Locate the BTF Altered Calling Criteria.
- When the page first loads, the pie chart displays all documented ACC records for the facility. Hover the cursor to see more information.

- Click on **Change BTF ACC Filters** menu to expand the filters.

- Update any filters as required.

- The Pie chart will populate with the new data.
- Click on any slice in the pie chart to display the list of patients qualified according the selected filters.
